#### Field Officer

*National Tuberculosis Control Program* [ 01/06/2024 – 31/08/2024 ]

City: Battagram | Country: Pakistan

As a field officer for the Pakistan TB Control Program, I contributed to a nationwide survey assessing TB programs' cost across various regions, utilizing ONA and Open Data Kit (ODK) for efficient data collection, management, and real-time reporting. I collaborated with healthcare professionals, government agencies, and NGOs to gather comprehensive data through field surveys, structured interviews, and financial analysis, ensuring accuracy and reliability.

My work provided critical insights into the cost-effectiveness and resource allocation of TB control and prevention strategies, helping optimize program efficiency. I played a key role in analyzing and interpreting data, facilitating evidence-based decision-making. Additionally, I was instrumental in preparing detailed reports and impactful presentations for key stakeholders, including policymakers and international health organizations, to drive improvements in TB control efforts at both national and international levels
